

## **TOWN MEETINGS TO DISCUSS CHANGES TO LAND USE REGULATIONS**

The Latah County Planning Commission will conduct three town meetings in June to receive input from residents regarding possible changes to the County's land use ordinances. The Commission will meet at 6:30 PM on Monday June 7<sup>th</sup>, 2004 at the Potlatch High School Library, Tuesday June 8<sup>th</sup>, 2004 in Room 2B of the Latah County Courthouse in Moscow, and Wednesday June 9<sup>th</sup>, 2004 at the Deary High School Library.

The Commission is particularly interested in public comments regarding potential regulations for junk, animal feedlots, and prohibition of development in the floodplain, and will have several other topics available for discussion as well. The Commission will make a brief presentation, but is primarily interested in hearing community preferences for inclusion in the County's new land use regulations.

Come and voice your opinion!
