

Latah County Planning Commission

November 18, 2014

The meeting was called to order by Chairman Steve Heick at 5:30 p.m.

Those present in addition to Steve were: Tony Johnson, Kenny Cada, Nancy Largent, Christine Nauman, and Suvia Judd.

The minutes from October 21, 2014 were approved as read.

Chairman Heick covered the agenda overview.

Michelle covered some minor changes she had updated such as adding references or changing a word here and there.

Michelle addressed Tony's comment about defining the word nuisance. She said that it is a vague term, such as noise is also a very subjective word. We should only make black and white statements regarding windmills which could limit size of blades, height, hours of operation, etc. It was mentioned that the higher the windmill and the shorter the blades, the less noise they make. Suvia said she will do a little more research on noise and present her findings on December 2 at our meeting. We will also discuss public participation at the next meeting.

There will be a holiday potluck/party before our next meeting on Dec. 2nd.

Meeting adjourned at 6:30.
