**RE: Recent Commercial Theft**

The Latah County Sheriff's Office needs our citizen's help concerning a recent commercial theft at JJ Building Supply located on Highway 95, just south of Moscow. The theft occurred during the night of May 18<sup>th</sup> or the early morning hours of May 19<sup>th</sup>. The suspects stole a pallet of roofing shingles, about 21 bundles, possibly more. The shingles were branded as "GAF Timberline HD, Birchwood." Also stolen were 15 rolls of roofing paper, "15# HAL Standard Felt".

Evidence from the scene suggests the suspects used a flatbed trailer during the theft. A tire on the trailer blew out under the weight of the stolen items and appears to have been disabled for a short time while the suspects changed the tire. This trailer and the vehicle used to pull it may have been parked on the side of Highway 95 or near JJ Building Supply for a short time. We have no physical description of the trailer or vehicle at this time.

If anyone has information concerning this theft please contact Lt. Brannon Jordan or Sgt. Doug Anderson at 208-882-2216.
