

Substitute Note taker November 16, 2004 beginning at 7:35 PM:

Registration of mineral operations and the junk ordinance screening requirements were discussed.

The BOCC prioritized projects to be addressed by the PC after the draft ordinance has been completed: The recommended prioritization sequence follows:

1. Moscow City code revisions as they affect the Area of Impact: subdivision rules, quasi-judicial decisions, buffer yards, and Moscow ring road.
2. Other Area of Impacts in the county.
3. Land divisions, number of homes per parcel, second residence issues in land use ordinance.
4. Review and amendment to the Latah County Comprehensive Plan.
