

October 23, 2012

Latah County Planning Commission

Room 2B

The Latah County Planning Commission was called to order by Chair Janet Hohle.

Those present were: Janet H., Steve H., Bob H., at 5:32pm. Rod Parker and Suvia Judd joined us.

Steve H. moved and Cindy 2nd the approval of the minutes.

Janet had us review the open meeting laws. Michelle pointed out there are fines for breaking the rules of open meeting laws that can be given to the commissioners , breaking open meeting law is breaking the law. We are a legislative body.

Janet moved us on to our plans for land division modifications and concepts. The USDA has just completed a new land study so the way we currently do land divisions by soil types needs to be re-examined. Clarification was requested.

Performance based divisions was discussed. While interesting it seemed it would be impossible to devise a plan of implementation. Discussion ensued around past division laws and why they did and didn't work. Time and 40 acre rules were examples. Michelle will do a compare and contrast presentation next meeting which will Nov. 13th.

The meeting was adjourned at 7:15.
