RE: Live Fire Training in Juliaetta

Today (5/3/06), the Juliaetta-Kendrick Fire department will be performing live-fire training at 321 Cross Street in Juliaetta. The same will occur on Saturday, May 6th at the same location. Deary Fire and Clearwater Fire have also been invited to the training. Three structures will be burnt during the drill. Ingress and egress is limited at the location and safety is paramount, so be sure to consult with commanders on-scene before driving in too close to the training area if you plan on sending a photographer or camera crew to cover the story. The training session on Wednesday is slated for the evening hours, and the Saturday session is planned for the morning. No specific times were given in the protocol plans that were distributed to this office. I will update this information when and if times are relayed to LCSO.
