RE: Suicidal Subject

On April 5, 2007, at approximately 10:51 pm, the Latah County Sheriff's Office responded to a residence in Potlatch after receiving a call that a subject inside the residence was threatening to harm himself with a knife. Deputies contacted Nathan Foster, age 21, outside of the residence. Deputies tried to communicate with Foster and convince him to release the knife. Foster did not respond to the Deputies. Deputies deployed non-lethal bean bags and electro muscular disruption devices. Foster was taken into custody without further incident. Foster was transported to Gritman Medical Center.
