

PAINTBALL

Paintball wars and games are fun and exciting if you are an active and willing participant, but damage and injury to non-participants dry up your good times. Hitting other people's property with paintballs is a crime (malicious injury to property); so is hitting other people who are not engaged in a paintball war (battery). When you use your paintball equipment, be sure that you follow the rules and only play in approved areas and only hit targets that you have permission to hit. Hitting people or things you are not supposed to will result in criminal charges and having your paintball gun taken away by the Latah County Sheriff's Office. **Be safe, be legal, and have fun!**
